Wind Energy Conversion System Permit Application Process

List of required documents to be submitted for WECS permit application approval

All applicable documents listed below must be fully completed and submitted to this office prior to the issuance of a building permit. Failure to submit any of the required documents or submittal of any incomplete documents, will result in a delay of the building permit being issued

- 1) Building Application - A FULLY COMPLETED WECS PERMIT APPLICATION (attached) including date, full name and address, phone #, fax #, e-mail of applicant, property owner, and contractor. Building site address, section block and lot number, scope proposed work and signature of the property owner. (land contract owner signature shall not be approved)
- 2) Drawings – TWO copies of stamped drawings by a licensed architect or engineer of ALL proposed work shall be submitted prior to the approval of a WECS permit,
- 3) Site Plan - A site plan of ALL buildings on the lot including length, width and setback measurements from lot lines must be submitted prior to the approval of a WECS permit.
- 4) Workers Compensation Document – ALL PERMITS REQUIRE ONE OF THE FOLLOWING FIVE NYSWCB DOCUMENTS BE SUBMITTED PRIOR TO THE APPROVAL OF A BUILDING PERMIT
(All NYSWCB forms are submitted under penalty of perjury, a felony, carrying penalty up to four years in prison)
 - a) BP-1 Form..... If ALL work is being done by homeowner – no contractors working on project (40 hour rule) Form can be printed at www.wcb.state.ny.us
 - b) CE-200 Form.....Exemption for sole proprietor contractor that is not required to carry workers comp
Not a waiver of workers compensation (does not apply to subcontractors)
Form can be completed at www.wcb.state.ny.us or call 866-546-9322
 - c) C-105.2 Form.....For contractors covered by private N.Y.S. licensed insurance carriers (SI-12 Self Insur)
 - d) U-26.3 Form.....For businesses insured by the N.Y.S. insurance fund
 - e) DB-120.1 Form...For businesses with Certificate of Disability Benefits (DB-155 for Self Insurance)
- 5) Specialized Inspections – Third party inspectors are required for all specialized inspections and must be identified prior to the approval of a building permit - electrical inspectors, structural steel inspectors, etc. All third party inspectors must be identified by business name, address, phone # , fax # .
- 6) Special Use Permit – All WECS permits require special use permit approval by the Planning Board. A fully completed Special Use Permit (attached) shall be submitted with the WECS permit Application.
- 7) SEQR – A fully completed New York State SEQR Application form shall be submitted with all WECS permit applications. Small WECS shall submit the short form SEQR. Large WECS shall submit the long form SEQR.
- 8) A Certificate of Compliance can be obtained at the building inspectors office after final inspection and any or all remedies have been completed.

Signature of Property Owner

Application is hereby made to the Town of Villenova for the issuance of a WECS Permit. The undersigned has submitted a completed application, plans, specifications, a site plan drawing, worker compensation documents, and a septic approval letter, which are hereto attached, incorporated into and made a part of this application. In consideration of the granting of the permit hereby petitioned for, the undersigned hereby agrees that if such permit is granted, he/she will comply with the terms pursuant to the Town of Villenova Zoning Code, the New York State Fire Prevention and Building Codes and Standards for construction of new buildings, additions, alterations, change of occupancy, removal or demolition, the Sanitary Code of the Chautauqua County Health Department, Dig Safely New York and regulations of the New York State Department of Transportation. He/she will preserve the established building line; and have full notification to the Code Enforcement Officer upon start of construction, allow for periodic inspections, and that he/she will not use or permit to be used, the structure covered by this permit, until all inspections have been performed, building is completely finished, and a Certificate of Occupancy / Compliance has been issued. The undersigned hereby certifies that all of the information in this petition is correct and true.

Signature of Property Owner See Owner Authorization included with this application. Date _____

1. The WECS permit placard MUST be displayed in a conspicuous location on the property until construction is complete and a Certificate of Compliance is issued. A copy of all approved plans must also be kept on the premises at all times and must be available for inspection.
2. Any deviation from the original approved plans shall require submittal of new drawings showing all proposed changes and approval by the Planning Board
3. Inspections are required upon completion of the following work. Failure to call for a required inspection may result in a delay or a stop work order.
 - a. Footing and Foundation
 - b. Structural Steel
 - c. Electrical
 - d. Final Inspection when all required work is completed.
3. No WECS shall be operated or used in whole or in part for any purpose whatever until a final inspection is performed and a Certificate of Compliance shall have been granted by the Code Enforcement Official.
5. CALL DIG SAFELY NEW YORK TWO FULL WORKING DAYS BEFORE YOU DIG
CALL 811 or 1-800-962-7962
6. All electrical work must be inspected by a specialized electrical inspector
7. The work covered by this application shall not be started prior to the issuance of the building permit.
8. If you have any questions at any time or to schedule an inspection, you may call the Code Enforcement Officer, Rich Vasile – 716-988-3476.
